

MASONS

Clay & Concrete Sealer

MASONS Clay and Concrete Sealer is a clear, water-based, modified acrylic co-polymer based, penetrating coating, designed specifically for cementitious and clay based building products. Formulated for pavers, bricks, concrete paths and floor tiles, its unique properties indicate a wide range of applications as a surface sealer with a *low sheen finish*. Suitable for foot traffic and not designed for vehicle traffic

ADVANTAGES:

- Solvent free and environmentally neutral
- Cures clear, UV stable and is non-yellowing.
- Minimal darkening effect.
- When correctly applied does not effect slip co-efficient of pavers.
- Helps stabilize joint sand and retard weed growth.
- Aids cleaning by limiting dirt penetration.
- Cleans up with warm water and detergent

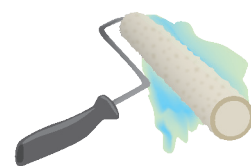

APPLICATION:

MASONS Clay and Concrete Sealer is supplied ready for use and can be applied by brush or roller. However, the best results are achieved by spraying the sealer using a back-pack, followed by rubbing a sponge over the whole area to remove surplus liquid.

BRUSH

ROLLER

SPRAY UNIT

COVERAGE:

As a sealer only, 7-8 square metres of paving per litre.
As a sealer, and to assist joint stabilizing and retard weed growth, 2-3 square metres of paving per litre.

PACKAGING:

Available in 5 litre, 20 litre and 200 litre containers.

HEALTH AND SAFETY:

MASONS Clay and Concrete Sealer is non-flammable, but may cause skin irritation. It is important that protective clothing and safety goggles are used when handling this product.
